Handelsblatt Annual Congress 'The future of steel' Realignment in the steel sector: Between cultural change, climate change and underlying political conditions

The [Handelsblatt Annual Congress 2020 on the 'Future of steel'](#) is taking place in the InterContinental Düsseldorf on 4th and 5th February. The members of the general management of WIKUS-Sägenfabrik, Dr. Jörg Kullmann, Michael Möller and Jörg Utech, will be on site and are looking forward to interesting discussions about digitalisation, efficiency and their impact on the ecological footprint of the steel industry.

Keynote speeches by top-class experts on current mega trends will be accompanied by discussions, live votes and round-table talks that will be addressing the latest questions posed by the industry: What is the current status of the industry and how does it want to develop by 2030? How digital and ecological is the industry? What do customers need? And how can we realise the vision of CO₂-free steel production?

Meet WIKUS on site and discuss the future of the steel industry.

About WIKUS

WIKUS – TOP OF THE RANGE QUALITY, 'MADE IN GERMANY'

WIKUS is the world market leader for sawing metal and Europe's largest manufacturer of band saw blades. Users from foundries and from the steel production/trade, machine/tool construction, aerospace, automotive, construction, energy and many more industries rely on the highly-efficient solutions by WIKUS.

Thanks to the best input materials, state-of-the-art production procedures and continuous quality inspections, the WIKUS-Sägenfabrik from the town of Spangenberg in North Hesse has guaranteed the highest of standards when producing high-tech band saw blades since 1958. At the same time, this family-run company sets product and technology trends in the market with its innovative prowess. In addition to the high-performance product program, WIKUS offers an extensive range of services tailored to the respective product. Partner companies and sales and service companies across the world offer competent and personal support on site.
